1. Acheson, L. K.
"Development of a Mechanical Type of Ultrasonic Guidance Device for the Blind," Summary Report, December 1944 to March 1947, Hoover Company (National Research Council) Committee on Sensory Devices, Report 47-6, March 1947.

2. Ades, H. W., Graybiel, A., Morrill, S.N., Niven, J.I., and Tolhurst, G.C.
"Non-Auditory Effects of High Intensity Sound on Deaf-Human Subjects," Joint Project Report NM 001 102 503, Report No. 5, U. S. Naval School of Aviation Medicine, Pensacola, Florida (NR 146-096), Journal of Aviation Medicine 29, pp. 454-467.

3. Adrian, E. D.
"The Control of the Nervous System by the Sense Organs," Archiv für Psychiatrie, (Berlin), 196, 1958, pp. 482-493

4. Afflek, F.J.
"An Experimental Comparison of Certain Abilities in Blind and Sighted Groups," Master's Thesis, Syracuse University, 1941, 68p.

5. Agbaer, G.
"Sensation in Blinds and Non-Blinds," Egyptian Journal of Psychology, 8, 1952-53, pp. 223-230, also Psychological Abstracts 29, February 1955.

6. American Foundation for the Blind
Blindness - Some Facts and Figures, A. F. B., New York, 1962, 14pp.

7. Ammons, C. H., Worchel, P., and Dallenbach, K.M.
"Facial Vision," American Journal of Psychology, 66, 1953, pp. 519-553.

8. Anderson, J. W.
"The Production of Ultrasonic Sounds by Laboratory Rats and Other Animals," Science, 119, 1954, pp. 808-809.

9. Anderson, N.S. and Leonard, J.A.
"The Recognition, Naming, and Reconstruction of Visual Figures as a Function of Contour Redundancy," The Journal of Experimental Psychology, 56, September 1958, pp. 262-270.

10. Asher, (unknown)
"Design for an Auto-Focus Range Finder," Journal of Scientific Instruments 30, November 1953, pp. 402-403.

11. Attneau, F.
"Symmetry, Information and Memory for Patterns," American Journal of Psychology 68, 2, June 1955, pp. 209-222.

12. Backhouse, K.
"Locomotion and Direction-Finding in Whales and Dolphins," New Scientist 7, 1960, pp. 26-28.

13. Bahrick, H.P., Fitts, P.M., and Schneider, R.J.
"The Reproduction of Simple Movements as a Function of Proprioceptive Feedback," The Journal of Experimental Psychology 49, 1955, pp. 445-454.

14. Baker, Donald, J., O'Neill, John J., and Oyer, Herbert, J.
"Auditory Skills of Blinded Individuals Training with Pilot Dogs," Journal of Speech and Hearing Research 1, September 1958, pp. 262-267.

15. Barlow, H.B.
"Temporal and Spatial Summation in Human Vision at Different Background Intensities," Journal of Physiology 141, April 1958, pp. 337-350.

16. Barlow, H.B.
"Summation and Inhibition in the Frog's Retina," Journal of Physiology 119, January 1953, pp. 69-88.

17. Bartley, S.H.
"The Perception of Size or Distance Based on Tactile and Kinesthetic Data," Journal of Psychology 36, 1953, pp. 401-408.

18. Bartley, S. H.
Vision, N. Y. Van Nostrand, 1941.

19. Bauer, H.J.
"Discrimination of Tactual Stimuli," Journal of Experimental Psychology 44, December 1952, pp. 455-459.

20. Baumann, D. B., Gerstley, R., Neuman, L.A., Nokes, D.S., and Ochsner, R.
"The Collapsible Cane Project," Evaluation Report on Work in Progress on Sensory Aids and Prosthetics October 31, 1962 M.I.T. (Department of Health, Education and Welfare, O.V.R. Contract No. SAV 1004-61) pp. 29-45.

21. Bay, E.
("Optical Factors in Disturbances of Orientation in Space"), Dtsch. Z. Nervenheilk 171, 1954, pp. 454-459 (German)

22. Beaumont, J.T. and Foss, B.M.
"Individual Differences in Reacting to Delayed Auditory Feed-Back," British Journal of Psychology 48, 1957, pp. 85-89 also Journal of Speech and Hearing Disorders Vol. 23, February 1958, No. 1, 68p.

23. Bekesy, G. von
"Similarities Between Hearing and Skin Sensations," Psychological Review 66 1959, pp. 1-22.

24. Bender, M.B. and Green, M.A.
"Cutaneous Perception in the Aged," A.M.A. Archives of Neurology and Psychiatry 69, May 1953, pp. 577-581.

25. Bender, M.B., Fink, M. and Green, M.A.
"Order of Dominance in Cutaneous Perception," Transaction of American Neurological Association 77th Meeting, 1952, pp. 238-240.

26. Benham, Thomas A.
"Evaluation of Signal Corps Sensory Aid for the Blind," Serial Number AN/PVQ-2(XE-2), Sponsored by the Veterans Administration Research Division, Completed April 25, 1952, Washington 1952, 28pp (Mimeographed).

27. Benham, Thomas A.
"Aids for the Blind," Electrical Engineering 66, 1947, pp. 178-182.

28. Benham, Thomas A.
"Electronic Travel Aid for the Blind - Progress and Problems," April 1960, Limited Circulation. Ditto process, 5pp. incl. appendix.

29. Benham, Thomas A., and Benjamin, J. M,
"Active Energy Radiating Systems: Infra-Red Ranging Systems Techniques," Proceedings of International Congress on Technology and Blindness, A. F. B. June 1963.

30. Benham, Thomas, A., and Benjamin, J. M.
"Electronic Obstacle and Curb Detectors fot the Blind," Summary Report on V.A. Contract V1005M-1900, January 1, 1953 to June 30, 1960. 198pp.

31. Beritov, I.S.
("On the Mechanism of Spatial Orientation in Man") Zhurnal Vysshei Nervnoi Deiatel' nosti 9, 1959, pp. 3-13 (Russian).

32. Berry, J. H.
"The Perception of Obstacles by the Deaf and Blind-Deaf," Master's Thesis, University of Texas, 1948, 97pp.

33. Berry, J. H., and Worchel, P.
"The Perception of Obstacles by the Deaf," Journal of Experimental Psychology 43, March 1952, pp. 187-194.

34. Beurle, R.L.
"Electronic Aids for Blind People," British Journal of Psychology 42, 1951, pp. 164-171.

35. Birkmayer, W.
("Critical Detail in Sensory Perception"), Deut. Zschr. Nervenh.,164 1950, pp. 76-79.

36. Bishop, G.H.
"A Second Look at the Sensory Systems: End Organ to Cortex," ONR Symposium Report ACR-30, March 1958, (NR 144-041)

37. Black, John W., et al.
"Measurement of Temporary Effect of Noise on Hearing," Psychological Abstracts 28, 8452, Nov.-Dec. 54.

38. Bledsoe, C. Warren
"Teaching Foot Travel in Residential Schools," Proceedings of the 43rd Meeting of the American Association of Instructors of the Blind, June 1956, pp. 24-28.

39. Bliss, James C.
"Visual Information Processing in the Beetle Lixus," Symposium on Optical Processing of Information October 23-24, 1962, Co-Sponsored by Information Systems Branch, Office of Naval Research and American Optical Company.

40. Blodgett, Hugh C., Jeffress, Lloyd A. and Wilbanks, W.A.
"Effect of Large Interaural Time Differences Upon the Judgment of Sidedness," The Journal of the Acoustical Society of America 28, July 1956, p. 639.

41. Boldrey, E. and Penfield, W.
"Somatic Motor and Sensory Representation in the Cerebral Cortex of Man as Studied by Electrical Stimulation," Brain 60, 1937, pp. 389-443.

42. Bouman, M. A. and Brink, G. V. D.
"On the Integrate Capacity in Time and Space of Human Peripheral Retina," Journal of the Optical Society of America 42, 1952, pp. 617-621.

43. Bradfield, G.
"Obstacle Detection Using Ultrasonic Beams," Electronic Engineering, December 1949, pp. 464-469.

44. Broadbent, D. E.
"The Role of Auditory Localization in Attention and Memory Span," The Journal of Experimental Psychology 47, 1954, pp. 191-196.

45. Brownell, L. P.
"The Tactile Sense," Mentor 4, 1894, pp. 306-309.

46. Brucke, E.T. von, Early M., and Forbes, A.
"Recovery of Responsiveness in Motor and Sensory Fibers During the Relative Refractory Period," Journal of Neurophysiology 4, 1941, pp. 80-91.

47. Brüll, H.
"Der Blindenführhrhund;Ein Leitfaden Für Seine Abrichtung und Zuteilung an Späterblindete," Frankfort Main, Paul Schöps, 1951, 65pp Illus.

An Outline of the German System of Training dogs to guide the blind and of adjusting the blind person to the use of a dog.

48. Buell, C. E.
Motor Performance of Visually Handicapped Children, Ann Arbor: Edwards Bros., 1950, 123p. $1.00.

49. Burke, O.H. and Thomas, Gordon
Travel Training Manual, Southwest Rehabilitation Center for the Blind, April 1959.

50. Butler, F. C. Jr.
"A Spatial Gradient for Tactile Discrimination,In: Clark Univ. Abstracts of Dissertations, 1952, No. 207, pp. 83-84.

51. Butler, R.A. and Naunton, R.F.
"Some Effects of Unilateral Auditory Masking Upon the Localization of Sound in Space," The Journal of the Acoustical Society of America Vol. 34, No. 8, August 1962, pp. 1100-1107.

52. Carroll, Reverend Thomas J.
Blindness: What it is, What it Does, and How to Live with it, Little Brown and Company, Boston, 1961.

53. Carthy, J.D.
Animal Navigation, London, George Allen and Unwin, Ltd., 1956.

54. Case, M.
"Orientation-Outdoor Travel at the New York City Lighthouse," Outlook for the Blind, Vol. 42, No. 5, May, 1948, pp. 142-144.

55. Cattell, McKeen and Hoagland, H.
"Responses of Tactile Receptors to Intermittent Stimulation, Journal of Physiology 72, p. 392.

56. Chapanis, A.
"A Rate of Making Complex Decision," Technical Report No. 166-I-208 (NR 145-089) also American Journal of Psychology 70, December 1957, pp. 650-652.

57. Chesse-Perle, E. and Salis, B.
("Conditions of General Sensitivity and Specific Acoustic Sensitivity in the Blind") Bollettino delle Malattie Dell' Orecchio 72, July-August 1954, pp. 355-364 (Italian).

58. Churchill, A. V.
"Tactual-Kinesthetic Judgment: Effect of Background," Canadian Journal of Psychology, September 1961, 15 (3), 154-155. (Defence Research Medical Labs., Toronto, Ontario, Canada).

59. Churchill, A.V.
"A Comparison of Tactual and Visual Interpolation," Canadian Journal of Psychology 13, March 1959, pp. 23-27.

60. Cohen, M. and Held, R.
"Degrading Eye-Hand Coordination by Exposure to Disordered Re-Afferent Stimulation," Presented at Eastern Psychological Association Meeting, 1960, Brandeis University, Waltham, Mass., 5pp.

61. Coleman, Paul D.
"Failure to Localize the Source Distance of an Unfamiliar Sound," The Journal of the Acoustical Society of America, Vol 34, No. 3, March 1962, pp. 345-346.

62. Conference of Administrators of Rehabilitation Centers for Blind Persons. Washington, D. C. April 27-29, 1960, A.F.B. N. Y. 1961

63. Coon, Nelson
A Brief History of Dog Guides for the Blind, The Seeing Eye, Morristown, New Jersey, 1959, 48pp.

64. Cooper, F. S.
"Guidance Device for the Blind," Physics Today 3, 7, July 1950, pp. 6-14.

65. Cooper, F. S. (Project Director)
"Research on Guidance Devices and Reading Machines for the Blind," (A final report of work done at the Haskins Laboratories, New York City between February 15, 1944 and December 31, 1947.under the Auspices of the Committee on Sensory Devices, The National Academy of Sciences.) December 31, 1947.
